"AU REVOIR, CAPTAIN"

Wm. McLaws, FORMER BARRISTER GOES OVERSEAS TO BOLSTER SECOND DIVISION

Captain William "Scotty" McLaws, former local Barrister passed through Bassano on Thursday evening of last week, June 8th, en route to the Old Country, where he will join the Second Canadian Division to go overseas. Captain McLaws, auxiliary services officer, enlisted with the army shortly following the declaration of war last fall, and has been stationed in Calgary ever since that time.

Pictured above with Captain McLaws, (on the left) is Major C. A. Lyndon, general staff officer of military district No. 13, and Major Lyndon's son, who is standing in front of Captain McLaws. Major Lyndon also went overseas at the same time, where he will in the future act as brigade major with the second division.

A large crowd of local citizens lined the platform as the east-bound train pulled into the station to bid "au revoir" to Captain McLaws. "Scotty", as he was more popularly known in this district, was considered an old-timer at this point, and had served here as a Barrister for a number of years. During his period of residence in Bassano, he had been actively engaged in all community enterprises, and was the backbone of more than one athletic organization. He was a mainstay in the local tennis and curling clubs and through his efforts many beneficial improvements were secured by both organizations. He was also active in the organization of the Scout movement in Bassano, and led the Troop for a period of approximately ten years.

Captain McLaws had occupied the offices of secretary and president of the local board of Trade in recent years, and under his influence, many new improvements have effected in town. Instrumental in the improving of sports-grounds facilities in Bassano, he helped plan and lay out the present site on the north-west side of town.

Several little parting gifts were presented to Captain McLaws during the brief stop of the train here. The local Boy Scout Troop dressed in uniforms, attended in a body to bid farewell to their former leader. His many friends and acquaintances in Bassano and the surrounding district wish him every success in his new post with the Empire's Forces in the Old Country.

22 Men Enlisted From District

From the battlefields of the Second World War already word of the valiant deeds of Canadian boys have come back to the civilian population of Bassano by means of press, radio and letters from the soldiers themselves. As staunch Canadians we are doing our part to aid these boys with active participation in Red Cross work, Y.M.C.A. and Allied Aid organizations.

However, we can't forget the boys themselves who are fighting. Thus we pay this rhetorical tribute to these men in their monthly honor roll. The Recorder would appreciate any person informing this paper if an error or an omission occurs in this column. This will be a monthly feature.

Messrs. Fred and Harry Holmes of Calgary spent the week-end visiting at the home of their parents, Mr and Mrs. H. A. Holmes of Bassano.

Locals Win Condon Cup

Inclement Weather Hampers Success of Day

Approximately four hundred students representing practically every school in the Bow Valley District between the towns of Strathmore and Brooks gathered at the local sports grounds on Friday of last week to take part in the annual school Track and Field Meet for championships.

Weather conditions were far from ideal for the meet, and several light showers of rain throughout the day drove contestants and on-lookers under shelter for brief periods of time. The day was also a little on the cool side, and many contestants complained of stiffness and numbness of limbs as a result of this. However, all those taking part threw themselves into the work to be done, and many fine displays of athletic ability were witnessed.

While a complete list of winners in each event has not been issued as yet, cup winners throughout the district were announced early this week. Bassano tops the list of cup winners, seven local students winning cups in their respective classes. Through the efforts of these students, the coveted Jimmy Condon Cup, annual trophy awarded to the district winning the most points, will find a resting place in Bassano for the coming year. Jimmy Condon is a popular sport fan in Calgary, and last year awarded the cup to the Strathmore Division.

Winners of cups in the district are as follows:

GIRLS—Class A: Marjorie Steiner, Arrowwood. 25 points.
Class B—Luella Greenwood, Bassano. 16 points.
Class C—Lucy McBride, Bassano. 21 points.
Class D—Lois Hildahl, Glenclarian. 30 points.
Class E—Nellie McBride, Bassano. 36 points.
Class F—Eleanor Gooderham, Gleichen. 27 points.
Class G—Mary Downey, Gleichen. 27 points.

BOYS—Class A—Bobby DeWitt, Arrowwood. 23 points.
Class B—Bobby Janzen, Namaka. 33 points.
Class C—Walter Laskoski, Bassano. 39 points.
Class D—Nick Janzen, Namaka. 20 points.
Class E—Paul Walsh, Bassano. 39 points.
Class F—Graham Cathro, Bassano. 30 points.
Class G—Bobby Koch, Strathmore. 65 points.

Class H—(In this class there was a tie) Ronald MacLean and Bob Bacon, Bassano. While only one cup is put up for competition, it is expected that in this case duplicate cups will be awarded. However, this has not been decided as yet, and it may be necessary to have the two contestants compete each other in a pole vault to determine the cup winner.

Teachers from various parts of the district acted as officials of the meet, and report that little difficulty was encountered in keeping the various events running smoothly other than interruptions caused by the rains. Congratulations are extended to both the teachers, and the pupils for the successful manner in which the days activities were carried out.

Arrangements Completed For Stampede July 1st: Two Weeks Away

With only a little over two weeks to go, final arrangements for the annual Bassano Stampede and Carnival are hastily being rounded out, and details of the program outlined.

As was pointed out in the last issue of the Recorder, this year's Stampede will be considerably larger than last year's, as several new features have been added to the entertainment bill.

In the actual Stampede itself, a new event in the form of wild cow milking contest has been added. This is a popular competition at the Calgary Stampede, and is the source of much amusement to spectators and competitors alike. The racing card has also been expanded to include a ladies race, a new feature over last year. All prize monies have been increased to a point where each event offers a worth-while prize. It is expected that cowboys from all parts of the province will be on hand to take part in the big show.

During the afternoon and evening the grand Carnival will be in full swing on the grounds and in the rink building. Several new skill games have been secured for the enjoyment of patrons with a gambling instinct, and these should prove quite popular.

The afternoon attractions will be made more entertaining this year by the addition of a full three hour vaudeville show on the platform in front of the grandstands. This show, worth seeing alone, will be on top of all other attractions and will complete a fine afternoon of entertainment.

Winding up the day's activities, Len Davis and his 8-piece dance

Attend Youth Training Classes In Calgary

Last week an article in the Recorder explained that three local youths, Armand Zelenzki, Jim McBride and Chester Lewis, had applied to be enrolled in the Dominion-Provincial Youth Training School in Calgary. On Tuesday the trio received instruction to be present at the school in the Exhibits Building, Victoria Park at 8:20 a.m. Wednesday, June 12 to begin their 3 months course in which they hope to qualify in air-mechanics.

As far as can be determined two of the boys will stay at the dormitory provided for out-of-Calgary students for a nominal fee each week. The general belief that these boys are joining the Air Force is not founded in fact. Although training is gratis, students must pay for their room and board. The scheme will eventually find men capable of occupying positions of responsibility in Canada's air factories.

Briefly commenting on the boys departure we can only say they were fired with enthusiasm second to none and the three boys show an adaptability to this work. The air-minded Town of Bassano will watch with interest the progress of these fellows who are Canada's future aeroplane builders for the Bassano Boys who are enlisted with the R. A. F.

hand will play to a capacity crowd at a dance to be held in the Curling Rink Dancing Pavilion.

FLOYD T. CARY, PUBLISHER

Mr. Lloyd George, in the Great War, spoke of "silver bullets."

He was thinking of the savings of the people, of the money they could give to provide food and guns and shells for the Allied Armies.

Canadians today, in all ranks and walks of life, and of all ages, get the opportunity to provide "silver bullets." It comes through War Savings Certificates.

Under this War Savings Certificates plan—described in Government advertising—a five dollar certificate may be purchased for four dollars; a ten dollar certificate for eight dollars; a twenty-five dollar certificate for twenty dollars; a fifty dollar certificate for forty dollars; a one hundred dollar certificate for eighty dollars. A gilt-edge security, and with provisions for redemption before the date of maturity (they mature in 7½ years) they are an admirable investment: simple, safe, profitable, fitting the smallest budgets.

But the real argument for War Savings Certificates is the opportunity they afford for war service. In the Great War we spoke of people "doing their bit." Here now, all of us are given the chance to do "our bit." People of small incomes, artisans, people too old for active war service, even children—all can strike a blow in this struggle by investing in these securities.

Our Government needs money, needs it desperately. Only by money, by what it can raise in taxes, by loans, and by these War Savings Certificates, can it help win the war. Therefore, if we believe the things we profess, if we are sincerely anxious to strike a blow for freedom, if we want, in short, to save Canada from the "night of barbarism" of which Mr. Churchill has spoken so solemnly, we must—all of us who can—buy these certificates.

In Britain they are giving their last farthing to help win this war. In Nazi Germany they are giving everything—are having everything taken from them, including their liberty—to win this war. Are we capable of less? Are we of weaker fibre?

After all, a good investment—good interest on the security for our savings—is a small thing to be asked in this crisis. Small, pitifully small, in comparison to what we asked of those who go to fight and die for us. At this hour, there is a poem which should have a poignant appeal to us:

"What have I given," bold soldier
Of the sea,
On Earth or Heaven, that you
should die for me?
What can I give, Oh soldier teal
and brave,
Long as I live, to pay the life
you gave?
What title or part can I return to
thee,
Oh, Stricken heart, that thou
shouldst break for me?
The Wind of Death for you hath
slain life's flowers.
It withereth, God grant, all weeds
in ours."

A steady flow of new supplies is going overseas as a result of the Canadian Red Cross Society's recent urgent appeal to women throughout the country to increase their activities. Mrs. Wallace Campbell, national chairman of the Women's War Work Committee, announced yesterday.

"The response has been marvelous," she said. "Our enormous stocks of hospital supplies in England have been made available to the British and French Red Cross without stint. The conflict now raging makes our fullest co-operation and generosity not only necessary, but imperative."

"Articles are going out in thousands to relieve the urgent calls," Mrs. Campbell continued. "The appalling losses of British and French Red Cross supplies, as well as the terrific number of sick and injured refugees and the wounded of our Allied forces, make replacements of our stocks in our warehouses in England a pressing responsibility."

Along with her tribute to the way the women of Canada have rallied to the call, Mrs. Campbell gave a word of caution.

"To meet our needs wisely and to make both effort and funds most effective, everyone should bear in mind the fact that the most-needed articles should be produced first. All work conveners should endeavour to use up all the materials they have on hand for the purpose for which they are intended."

Mrs. Campbell advised women to "be patient." This war and its demands made equal call upon everyone, she said.

"Remember," she continued, "there are many things greatly needed by the Red Cross of the Allies that we women cannot make with our hands. Provisions must be made for these."

"Let the true spirit of service prevail. Do the job nearest at hand, grateful for the privilege of serving our Empire from the present safety of Canada and pray that our small effort may contribute to the alleviation of the horrible sufferings of our own people and our Allies."

"It is as necessary now as it was when we began our work to make every article as perfect as possible. There must be no lackening in the quality work."

LARGE CROWD ATTEND OPENING DANCE IN CURLING RINK

A large crowd of persons, representing, practically every district for a radius of over fifty miles, attended the Board of Trade Dance held in the Curling Rink Dancing Pavillion of Friday evening last, June 7th. It is understood that the organization sponsoring the affair realized a sum slightly in excess of fifty dollars for their efforts.

Sonny Fry and The Gentlemen of Music supplied the music for the occasion. This orchestra, now playing at Sylvan Lake for the summer months, made their first appearance here slightly over a month ago. All heartily enjoyed the popular style in which the orchestra dished up present dance favourites.

The committee in charge of sponsoring the dance have expressed regret at the support of local members of the Trade Board. It is pointed out that only a very few members attended, and consequently gate receipts were far from what they should have been. Inclement weather throughout the day and evening did not appear to prevent outsiders from motoring great distances to take in the evening's entertainment.

Makepe

Mrs. J. Hefflebower, Mr. Bert Rose, and Mr. Danny Heather were visitors at the home of Mr. and Mrs. Montford of Calgary, during the earlier part of the week.

Miss Agatha Gellings and Mr. Dick Gellings were Sunday visitors at the home of Miss Lois Arrison.

Mr. and Mrs. K. Larson are receiving congratulations on the birth of a baby daughter born at home on June 6th.

Mr. and Mrs. E. Heryford were Sunday guests at the home of Mr. and Mrs. Rutscaka at Duck Lake.

Mr. and Mrs. T. Mullen and daughter Dorothy, were Saturday callers at the home of Mr. and Mrs. J. Roberge.

Mr. and Mrs. E. W. Campbell and Mr. and Mrs. V. G. Campbell were dinner guests at the home of Mr. and Mrs. J. Bulger on Sunday last.

Mrs. C. Clark and Mrs. J. Clark and family and Mrs. E. Seeley and family were all visiting at the home of Mrs. E. W. Campbell on Thursday last.

On June 9 many friends gathered at the home of Mr. and Mrs. H. Jorgensen to congratulate the latter on her birthday.

Miss Monica Brooks and Miss Mary Boyle spent the week-end at the home of Mrs. I. Hefflebower.

Mr. Verl Campbell and Mr. Andy Stewart were Calgary visitors on Monday last.

Some of the young ladies of Makepeace wishes to remind all those young Hussar lads of the dance to be held at F. Bulgers this Friday.

Mr. O. Boesen has turned out to be quite a detective. Friday night he heard a low cooling below his window. Armed with shot gun he ventured forth in the darkness and found to his great amazement Mr. Arthur Arrison.

WEDDINGS

LINDSTROM-BERINGER

A pretty wedding took place on June 1st in Calgary when Diana, daughter of Mr. and Mrs. J. Beringer of Bassano, became the bride of Walter son of Mr. and Mrs. Lindstrom of Airdrie.

Rev. J. Benson of Calgary performed the ceremony.

The bride was lovely in a pale blue ensemble and she carried a bouquet of pink carnations. Following the ceremony, the couple motored to Bassano to the home of the bride where a reception and dance was held. Mr. and Mrs. Walter Lindstrom will make their future home in Airdrie.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. J. L. Mills of Kindersley, Saskatchewan, announce the engagement of their daughter, Lois Helen, to Mr. Robert Morrison, son of Mr. and Mrs. Geo. Morrison of Bassano, Alberta. The marriage will take place in Kindersley on Saturday, June 15th, 1940.

SOFTBALL

The local softball club successfully met the challenge of Rosemary by defeating the E. I. D. ten by a score of 8-3 here Wednesday night. After considerable league games here a composite team of married men and high school youths banded together to play the Rosemary boys.

A Cathro played a prominent part in the Bassano victory, as he batted with an excellent average of 1000 as well as limiting the opposition to three runs.

Lefthanded Floyd Wilcox kept the locals guessing in the final cantos as he delivered a speedy ball.

Red Silito accounted for two of his team's trio of tallies.

These two teams will meet again at Rosemary next Wednesday night.

The next feature softball game will take place tomorrow night when Ron MacLean's High School Club meet the Texans. The newcomers to Bassano are reputed to play a high calibre of ball but the youthful kids claim they can "take" them. However, the game should certainly create interest and as many citizens of town are requested to turn out. Not only to cheer on the teams but to welcome these

TEXAS SURVEY PARTY STATIONED IN BASSANO

A party of approximately twenty five Texans arrived in Bassano last week, and will use this point as their headquarters for the summer months. The men are members of the Geophysical Survey Incorporated, and are making a surface survey of the district as a prospective oil field. An office has been opened up in the old Stiles Building next to the Recorder office, where all records of findings of the party will be kept. They expect to be working in this district for approximately three months.

ACTIVE SERVICE**

No branch of the military service is regarded with more respect or recalled with deeper memory by veteran soldiers than the Nursing Service of the Royal Canadian Army Medical Corps. The nature of the work done by the Nursing Sisters, their devotion and untiring energy have left an indelible record to soften the grim tragedies of sickness and injuries in war.

Again, as before, hundreds of Canadian nurses stand ready and eager to serve at home and abroad, in those tasks for which they are most fitted.

Strict requirements are necessary before a nurse is accepted for service with the C. A. S. F. Like her brothers in uniform, the Nursing Sister must be in the best of health. To so ensure, she must pass a vigorous examination. In addition she must be a British subject and a graduate from a recog-

**PIERSON'S
SERVICE STATION**
BASSANO ALBERTA

nized training school with an R.N. degree. The age limit is 45 years.

Besides such professional qualifications as she may have, the Nursing Sister is required to possess cheerfulness and an agreeable temperament. In the ward the quality of cheerfulness has an inestimable value as many a victim of war's worst effects can testify. The interest shown by the Nursing Sister to each individual patient, her encouragement and aid have helped thousands through dark hours, and aided greatly in the mental response necessary to cure.

In peace time, the Permanent Force Nursing Service on duty in Canada is very small, being comprised of one Matron and ten Nursing Sisters and in most stations one Nursing Sister only. The Medical Officers, Sisters and non-commissioned officers in Military Hospitals hold courses to qualify nurses for the Royal Canadian Army Medical Corps, Non-Permanent. These Nursing Sisters, after passing required examinations, are called to the Military Hospitals when needed for special cases, camp or relief. Keenly interested in military work, they have taken a month's course, attended lectures and spent specified time on duty in the wards without pay. In this way there is a steady flow of new graduates who understand military routine.

With Canada's entry in the war nurses throughout Canada applied to enlist in the service. Each Military District has long lists of applications from graduate nurses for R.C.A.M.C., & C. A. S. F. Nursing Service, many of them specialists in X-ray, surgery and other branches of medical science. As yet only a few units have been called up to fill needs of military hospitals in Canada. Overseas service will come when the 1st Division of the C. A. S. F. goes into action.

When overseas, the Nursing Sisters are stationed in General hospitals, stationary hospitals, casualty clearing stations behind the lines and may be posted to hospital ships or ambulance trains. The duties of a Nursing Sister in a military hospital unit are in many ways the same as in a civil institution, but naturally conditions vary in war nursing, and the adaptable nurses proves most useful. She must be able to instruct orderlies in nursing duties as a number of these may be untrained when sent to her ward.

Quarters and mess of Nursing Sisters are made as comfortable as circumstances permit. In larger units there is usually a Home Sister on duty to supervise the home, teach maids, if these are supplied, help in entertaining and generally make the Sister's life as agreeable as possible.

The dominating color in the Nursing Sister's uniform is blue. She wears a tunic of mid-blue gabardine, a great-coat of dark-blue melton or broadcloth, a recreation dress of navy blue serge coat and skirt. A navy blue felt hat, with a corded ribbon and narrow brim tops the attire. The hat for summer wear will be white felt. R. C. A. M. C. badge is borne on the front of the hat. Gilt badges of rank on each shoulder strap of the tunic and great-coat are worn as follows: Matron-in-chief, a crown, Matrons, three stars; Nursing Sisters, two stars.

Matron E. F. Pense is the Senior Officer of the nursing service on duty at headquarters in Ottawa. She finds the applications for enrollment in the service so far, more than are required, but they do come in sufficient numbers to prove that the eagerness of the Sisters to serve ensures a number always up to the required strength. What that may be, of course, no one knows.

Three sub-divisional meetings were held in the E. I. D. School Division during the past week, with good attendance being registered at two and the other resolving itself into a round table discussion.

**New Highways Link Mountain
Parks**

Tourists throughout Canada and the United States await with anticipation the official opening of Alberta's scenic highway connecting Jasper and Banff National Parks, and the simultaneous opening of the Big Bend section of the Trans-Canada Highway.

Prominent personages participating in the official opening ceremonies July 1st will be representative of Dominion and Provincial Governments, State Governments and Travel Bureaux. Automobile associations in many parts of North America are also sending representatives.

Throwing open to visitors a veritable wonderland of mountain splendour, the new highway sections will enable United States tourists to enter Alberta or British Columbia at widely separated points and travel over a fine road surface to Edmonton, Calgary, Banff, Lake Louise and Jasper. The Mountain Skyway connecting the three last-named points cuts through 180 miles of the finest mountain scenery in the world.

Hotel, chalet, bungalow and auto camp accommodation is established at key points along the route. Ample opportunities for angling, riding, swimming, golfing, hiking and other sports are provided. The map above, shows how the international highway system now is welded to bring Washington, Idaho and Montana into neighbourly proximity to Alberta and British Columbia. The Big Bend section connects directly with Vancouver and the Pacific Coast.

MY SOLDIER BOY

My only boy has gone to war
To heed his country's call;
He freely gave his youth and
strength,
His home, his life, his all. **Prayers**
Pursue him day by day,
Lest he forget the call of Christ
To walk the narrow way.
How oft he sat upon my knee
And nestled at my side
To hear me tell how Jesus came,
And how He died and died.
'Tis evening in his training camp,
But, like a song at night,
I seem to hear his voice repeat,
'Thy Word is truth and light.'
And now he kneels beside his cot,
Hark! 'Tis his voice in prayer:
'Lord Jesus, I commend my soul
Into Thy loving care.'
My soldier boy, be true to Christ,
Be true to Christ, my son—
Then come what may, I'll humbly
say,
'Thy will, O Lord, be done.'

Canadian Pacific

Highlights From Ottawa

By Dr. F. W. Gershaw, M.P.
Member of the House of Commons

This week there was more information released and wider publicity given to Canada's War effort.

The speeding up of the Commonwealth Air training plan was described, owing to the overshadowing emergency caused by the enemy breaking through the allied lines, equipment now in use or on order, for the Canadian Air Force and the Air training plan was diverted to the United Kingdom use.

Air Craft ordered by Ottawa in April 1939 was on the ocean and was ordered back without waiting for the British request.

Large order have been placed with Canadian and U. S. A. firms to replace this Aircraft. Destroyers of the Canadian Navy are now serving in British waters to protect England and the Channel ports. This is the first time the Navy of one of the Dominions has participated in the defence of the shores of Great Britain. Canadian troops were several times on the point of departing from England to the Continental battlefields. They will serve either in the defence of Great Britain or in the reconstructed B. E. F. in France.

At this War Session there is not much time for new legislation but the Prime Minister said he would make a special effort to have the application for the incorporation

of 'The Alberta Provincial Bank' discussed. The bill as introduced calls for a Board of Directors consisting of the Cabinet Ministers of the province. One of the Cabinet shall be the President and another the Vice-President. The Capital stock shall be \$500,000 and it shall be vested in the Provincial Treasurer and held for the use of the province.

It is recognized in the House that to have a united people, to have a loyal people and to have universal urge for maximum War effort, those in poverty and want must be cared for. We cannot expect whole-hearted national action if many are half-hearted about our Canadian liberty and freedom. One member said this week:

'I suggest that this Government make a serious and detailed study of the amount of assistance which is going to be needed by the farmers of the West during the coming year.'

I suggest that they find the money for the people who are in need of it as they have found the money for the War crisis, because the domestic crisis is of equal importance and perhaps will be more far reaching.'

The minister was most sympathetic toward this viewpoint which in these serious days is shared by members on all sides of the House.

Sincerely,
F. W. Gershaw.

CHILD WELFARE

Agreement for fullest co-operation in receiving and placing thousands of refugee and British children has been reached by the Dominion, the provincial, Child Welfare and other organizations. Announcement to this effect was made recently by Hon. T. A. Cramer, Minister of Mines and Resources. The British and French Governments have yet to agree to the immigration.

MONTREAL TAXES

Sweeping powers of taxation will be granted Montreal if a bill given first reading in the legislative assembly becomes law. New taxes under the bill include a \$2.00 annual impost on radio receiving sets; a monthly impost of 25 cents on telephone sets; and a water tax of \$5.00 per year on automobiles.

CROP REPORT

Favorable crop prospects in western Canada are reported by the Dominion bureau of statistics in the first of a series of crop reports. Rain is needed urgently in Northern Manitoba and Saskatchewan, but prospects are "very favorable" in southern and western Saskatchewan and over most of Alberta.

WOOL MISSION

Export of British woolens to the United States is a matter of vital concern to the United Kingdom, according to Lord Borneby, former president of the Federation of British Industries. He has just returned from U.S. where he has been assuring American merchants there was a reasonable security for prompt and constant delivery.

CHURCH NECESSARY

The Church will be needed every hour of war time and two hundred fold when the war is over declared Rev. W. E. Smalley of Edmonton, secretary of the Baptist Union of Western Canada before a recent church convention. "Loyalty to Christ and a militant Christianity are essential," said Mr. Smalley.

Did you ever watch a bulldog stand his ground
When attacked by a pack of skinny hounds,
Did you ever watch him set his teeth more firm
And sort of grin to watch the hound dogs squirm,
Did you ever watch him plant his front feet wide
And smooth out the wrinkles in his hide,
Did you ever watch him bare his gleaming teeth,
And push his claws from out their sheath,
And snort and growl defiance to the pack,
As if to say "Come on, I'll not turn back,
And though you bite me in the flank and rear,
I'll stand my ground without a thought of fear"
Then you've a picture of the British Race,
Who, come what may, will never turn their face,
From holding up the torch of truth and right
That all the world may look and see the light.

By G. E. Smith, Bassano.

MODERN MARRIAGES

Why is it that we so often read of the "blushing" bride? It's the groom who should blush, for he's the guy that fell.

Only recently a novel marriage took place in a central Alberta town, with the following ceremony by the parties participating:

"Friends, Romans, Countrymen: I come to marry you—not to bury you. You must realize now what you are entering upon. Take one more look at one another while you are still unattached.

"You, Jemima, will have to be prepared to take over full control of everything, and be master of all, including your husband.

You, Ferdinand, will have to be prepared to take and obey all orders from your better half, meekly submitting to any test.

"Do you, Jemima, take this wolf in sheep's clothing to be your servant, to boss and to bully for all time?

"Do you, Ferdinand, take this apparition, this human dreadnaught, to boss and control you for the rest of your days?"

groom gave the bride a beautiful

Upon these questions being answered in the affirmative, the bride harness ring of celluloid. After the ceremony, the bride and groom returned to their respective homes, where they will reside—both blushing.

LOCAL IMPROVEMENTS

Smallest since 1929-30, Saskatchewan's deficit for the fiscal year ending April 30, 1940 is reported at \$45,320. Last year's deficit was \$383,100.

GRAIN EXCHANGE

Winnipeg grain exchange will remain open at least until next July 31, Trade Minister J. A. MacKinnon announced recently. Mr. MacKinnon also revealed that the Canadian wheat board has sold 50,000,000 bushels of wheat to the British government buying agency. The sale was for cash at a price considerably above the market price.

WHAT MAKES ALBERTA

Greater use of Alberta coal was urged by E. A. McBain before the recent convention of the Canadian Retail Coal Association. "If properly controlled," said the speaker, "high grade Alberta domestic coals will give at least equal heat value for your dollar, at present prices, as any anthracite." Mr. McBain told the retailers that if Ontario bought all of its domestic coal from Alberta it would help employ 10,000 miners now idle half the year. "Ontario needs Alberta coal," he said, "for its own comfort and to conserve Canadian money."

**INDIANAPOLIS RACE AGAIN WON ON
Firestone
FOR THE 21ST CONSECUTIVE YEAR**

Follow the example of race drivers... men who know tires. With them there is not any question of which tire is safest. One tire—and only one—has the exclusive safety features to withstand punishment of race track speeds—Firestone—the tire that has been on the winning cars at Indianapolis for 21 consecutive years. Let us put Firestone Champion tires on your car now. They cost no more.

Keep The Highways Happy Ways

**IF YOU DRIVE
DON'T DRINK
IF YOU DRINK DON'T DRIVE**

If everyone who drives a car
Could lie a month in bed,
With broken bones and stitched-up
Wounds, or fractures of the head,
And there endure the agonies
That many people do,
They'd never need preach safety
Any more to me or you.

— C. E. Weiser.

**IRON LUNG ARRIVES,
SET UP FOR OPERATION**

A little over a year ago, Mr. S. H. Edwards, secretary of the local hospital, while scanning a daily newspaper, came across an article stating that Lord Neufeld, the "Henry Ford" of Great Britain, had announced his intentions of donating

ing to every hospital in the British Empire an Iron Lung. The conditions set out stated that any hospital desiring one of the "breathing machines" must make application for it and pay part of the delivery charges from the Old Country.

Keeping this article, Mr. Edwards drew the attention of the Hospital Board to the matter at an ensuing meeting, and he was instructed to make further inquiries into the possibility of securing one of the machines for the local hospital. Following several months time, he received a letter from the Federal Minister of National Health stating that the machines were to be distributed through that office, and that the local hospital's application was to be included in the order.

Last month, the secretary received a letter saying that the machine was on its way to Bassano, being shipped through the Panama Canal to Vancouver. It arrived here on Thursday of last week, and now lies in the Isolation Hospital on the hospital grounds, where it has been set up and placed in operation.

The move on the part of Lord Neufeld, leading British manufacturer of automobiles, in donating

the respirators was one of great importance. He conceived the idea during a plague of infantile paralysis throughout parts of the world two years ago, and believed that through his contribution a great number of lives could be saved by the machines. Needless to say, to purchase one of the machines outright entails quite an expenditure, but through this generous offer, a machine can be placed in each hospital at a large saving. It is understood that the only expense to the local hospital Board was the paying of shipping charges from Vancouver to Bassano.

While there has not been a call for one of the machines as yet in Bassano, the local hospital is now prepared to meet any emergency and if a case should arise, the machine can be placed in service immediately, saving considerable time, and possibly loss of life.

**BASEBALL
NOTES**

The Bassano Imperials dropped both ends of a double-header on Sunday, June 9 against the Millicent Oilers at Patricia, 8-3 and 6-3.

The local club, although determined to win that first game, failed to come through with timely hits as their opponents did.

Many times two and three runners were stranded on the bases as the Bassano players failed to hit in the pinches.

Both clubs were credited with home runs. Ron MacLeann, left-handed clouter playing his first game of the season, smashed a long line drive in the twilight fixture to make the complete circuit. Koffman, rangy third sacker who batted 1,000 for the two games extended his three-base hit to a homer when a wild throw was a long way from the catcher.

The diamond was very rough causing many errors for both teams.

A large crowd of spectators cheered the teams on.

The Bassano club, however, has been practising hard and assure patrons that their next home appearance will be one of victory. Uniforms have been ordered so with added incentive the Imperials promise to win. Why not support this team on Sunday?

FIRST GAME

The Patricia club gave Pitcher Sears an air tight defense as well as piling up a half dozen runs on Snape, in the first four innings. The Bassano chucker showed fine delivery but could not seem to hold on. Rockwell kept the Patricia boys off the sheet as his team mates tallied three times. The ninth practically won the game for the Bassano club but lack of batting experience left a couple of runners on base.

Batteries—Patricia—Connolly & Sears.

Bassano—McBride—Snape and Rockwell.

NIGHT CAP FIXTURE

With Connolly, veteran hurler, pitching good ball the Bassano team "settled" down and kept the score well tied up. Rasmussen's fast ball was being consistently hit and prospects for a win seemed favorable. The turning point came when Connolly, Patricia catcher, smashed a two base hit advancing three runners across the plate.

Batteries—Patricia—Connolly & Rasmussen.

Bassano—McBride and Connolly.

LINEUP:—Bassano Imperials; McBride, Massey, Burrows, Marquardt, Broadfoot, Hayes, Rockwell, Snape, Bacon, MacLean, Connolly.

Millicent Oilers—Sears, Bichel, Rasmussen, Koffman, Connolly, Charlton, Hansen, Rumohr, Stair, Block.

Umpire: L. Tupper.

Local Items of Interest

Mrs. W. J. Redmond was a Calgary visitor on Friday of last week.

Mr. Archie McLean was a business visitor to Calgary on Friday of last week.

Miss Margaret Harper of Calgary spent the past week-end visiting with her parents in Bassano.

Miss Margaret Douglas of the local hospital staff was a Sunday visitor in Brooks.

Miss McRae, nurse of Calgary, is relieving in Dr. Scott's office during the absence of Miss Jean Lees, who is away on her holidays.

Bill Smith, who has been attending college in the States, returned to Bassano last Saturday, to spend the summer holidays.

Mr. and Mrs. Hanniford and Mr. and Mrs. Arthur Flanagan of Finegan visited at the home of Miss McCarter a few days this week.

Mr. L. Conn and Mrs. Berkivitch were Calgary visitors on Monday of this week. Mrs. Berkivitch will remain there for a few days to visit with relatives.

CROPS PROGRESSING FAVOURABLY: COULD STAND MORE RAIN

Crop prospects in the Bassano District at the present time are reported to be very favourable, and while a little rain could do some good, there is no immediate cause for alarm. Last week-end saw approximately one-half of an inch of moisture fall in the district during a two day passing storm.

It is said that reserve moisture from early spring rains is still available for advanced crops. Rain would be beneficial to crops seeded late in the season, as these did not receive the benefits of the early strat. Crops are reported to generally range from three to nine inches in height.

Grasshoppers are hatching in considerable quantities in the western district, and farmers are spreading considerable quantities of poison to check the progress of the pests. W. S. Playfair of Bassano is in charge of the distribution of poison in the Bassano district.

FORMER LOCAL YOUTH LEAVES FOR NAVAL STATION

Sub-Lieutenant Douglas John Ford, 22, second-in-command of the Calgary Division of the R.C.N.V.R. left Calgary Tuesday morning last for the Pacific Coast where he will go in active service with the Royal Canadian Navy.

He is the son of Mr. and Mrs. H. W. Ford of Calgary. Mr. Ford was formerly a real estate and insurance agent in Bassano. Douglas was born in Bassano and attended the local public and high schools until he moved to Calgary with his parents in 1934. While here, Douglas was a popular figure amongst the younger set. His many friends and acquaintances wish him every success in his future activities with the Royal Navy.

Mrs. N. Barrarab was a Calgary visitor the early part of this week.

Mrs. James Johnston is visiting with friends in Calgary for a couple of days.

Lyle Parks, C.P.R. Lineman, is spending a few days visiting in Calgary.

Mr. D. L. Downs was a business visitor to Calgary on Tuesday of this week.

Mr. H. T. Johnson and Mr. A. I. Young were business visitors to Calgary on Saturday of last week.

Mr. and Mrs. L. Y. Bernie returned on Friday last from a week's holiday with their daughter in Wetaskwin.

Miss Phyllis Brocklebank, who has been attending school in Calgary, returned to her home in Bassano over the week-end.

Miss Jean Lees left Bassano on Saturday evening last for a short holiday to be spent at Rochester, N. Y.

Mr. and Mrs. J. T. Davis of Bassano were called to Drumheller over the week-end due to the death of Mr. Davis' brother.

Mrs. T. Ingeberg of Calgary spent last week and the early part of this week visiting at the home of her son and daughter-in-law, Mr. and Mrs. A. Ingeberg.

Mr. and Mrs. Quinn, who have been visiting at the home of Mr. and Mrs. Geo. Morrison for the past few days, returned to their home in New York on Tuesday.

Mr. and Mrs. L. H. Irwin accompanied by Mr. and Mrs. Paul Irwin and family of Arrowwood spent Sunday last visiting at the home of Mr. and Mrs. John Irwin of Bassano.

Mr. Ernie Gougeon, chef at the local hospital, expects to leave this Thursday to resume his summer work as chef on a C.P.R. Dining Car. Mrs. Gougeon will take his place on the staff of the local hospital during his absence.

Mrs. R. Harris of Edmonton, accompanied by her daughter, spent the week-end visiting with her husband in Bassano. Mr. Harris is the provincial government wheat tax collector stationed in this District.

Mrs. C. Bruce and Mrs. J. Kilborn of Calgary arrived in Bassano on Tuesday evening, and visited at the home of Mr. and Mrs. F. Cary. Mrs. Bruce returned to Calgary on Wednesday evening. Mrs. Kilborn will remain in Bassano for a few weeks.

Robert Donaldson, who for the past few months has been working for the E. I. D. in the headquarters office in Brooks enlisted with the South Alberta Regiment in Medicine Hat last week-end. Bob visited with his father in Bassano until Thursday of this week before going to the Hat to join the Company.
